

Digital Hose End Timer Faucet attached Controller

APPLICATIONS

Automate your hose-end sprinklers, drip irrigation system or soaker hose for better scheduling consistency with this easy-to-use digital controller. Along with rugged dependability for season-long outdoor use, this professional grade controller offers sophisticated functions for worry-free watering convenience.

FEATURES

- Extra large readout screen and programming dial make it easy to set and review your watering schedules.
- In operation, the screen also displays program status such as next scheduled cycle and time remaining on a current cycle.
- Advanced features include programming up to two watering times per day on any day(s) of the week, plus "water now" and "cancel" buttons to override programs instantly when desired.
- Ideal for use with Rain Bird drip or any hose end sprinklers . Go automatic with your watering in any area of your yard: gardens, landscaping beds, newly seeded as well as established lawns.

SPÉCIFICATIONS

- Digital settings allow tailoring schedules for greener results with less water
- Scheduled watering up to twice per day enables water to soak in, even on slopes or with clay soil
- Programming by day of week complies with watering restrictions
- Instant override buttons for Rain Delay (cancel watering) and Water Now (manual watering)
- Specific rain delay up to 96 hours can also be set without affecting the stored program
- Large screen lets you see all settings at a glance.

- Duration of watering time: 1 mn to 6h
- Number of station:1
- 3/4" female threaded inlet (BSP)
- 3/4" male threaded outlet (BSP)
- Intended for outdoor use with cold water only.
- Working water pressure: 1 bar (minimum) – 6 bar (maximum)
- Working temperature: Keep from freezing –maximum temperature :43°
- Uses 2X1,5V AA alkaline batteries (not included)
